WHY

COW COMFORT

Solid Spiral Cable

Non-hanging spiral cable reinforced against all kinds of impacts and case movements

Special Software Card

Electronic card programmed that enables the brush to work

Powerful Transmission

High-strength and high-quality gearbox supplied by Remak Gearbox

Extra Roller Bearing

Mechanism that is not affected by animal strokes and does not transmit any blow received by the brush to the reducer shaft

Long-lasting Brush

Brush with serrated extensions that do not wear out quickly in long-term use

High Yield Intake

An animal with increased comfort and peace gives more meat and milk with high efficiency.

Healthy Animals

It prevents external parasites on the skin and protects your animals from external factors.

Ergonomic Design

It does not take up any space in the barn and does not prevent animals from entering and exiting.

Low Energy Consumption

With the low energy it consumes, it does not create an additional electricity cost.

How Does It Work?

Automatic Cow Brush is a revolutionary animal-friendly product designed to increase the health and well-being of the animal.

Product Specific Software

Thanks to its special software, it starts to work with the animal's contact with the brush.

Increased Animal Productivity

Increase the productivity and health of the animal by turning on the surface that the animal touches.

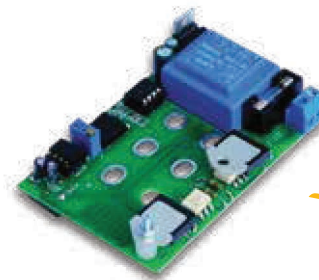

Safety Lock

In case of any tail jamming, the software inside prevents dangerous situations by turning in the opposite direction.

Auto Stop

It automatically completes its operation 7 seconds after the animal's contact with the brush ends.

Specially Prepared Software Card

Free Swinging Ball Bearing Design
